STRUCK ON THE ROCKS

Direr Disaster Befalls a Transatlantic Boat.

NEARLY TWO HUNDRED LOST

While Battling With a Hurricane Off the English Coast.

WORK OF RESCUE DIFFICULT.

Heroic Efforts of the Life-Saving Crew, Who Rescued Thirty Passengers Despite the Heavy Sea. Steamer's Machinery Disabled.

London, Oct. 15.—The Atlantic Transport company's steamer Mohegan, formerly the Cleopatra of the Wilson & Furness-Leyland line, which left London for New York with 50 passengers and a crew of 150, is ashore off the Lizard, between the Manacles and the lowlands.

It is rumored that there has been a great loss of life. A coast guard message reports that the passengers are "drowning like rats," and that "bodies are washing ashore, one being of a lady, lashed to a plank, with both legs severed."

It appears that when the Mohegan struck, a gale was blowing and the sea was running high.

Life boats put off from the Lizard and from Falmouth, one returning filled with passengers. Several were drowned, however, it is reported, on the passage of the life boat to the shore. Another life boat saved six persons.

The coast at that point is extremely dangerous and has been the scene of numerous wrecks.

A dispatch from Falmouth says the Mohegan foundered and was probably blown ashore by the heavy east wind after her machinery was disabled. All the Falmouth tugs went out but none were able to approach the vessel.

Later—a life boat has landed 30 of the Mohegan's passengers and returned for more. One lady died after she was brought ashore.

It is reported that the position of the Mohegan is serious and that assistance is urgently needed.

News at London.

London, Oct. 15.—According to a dispatch received from Falmouth, out of 200 persons constituting the passengers and crew of the Mohegan, only 31 have been saved. The vessel has gone ashore off the Lizard.

Testimony Before the Coroner.

Virden, Ills., Oct. 15.—At the coroner's inquest wounded guards, who were on the train with the negroes, testified that the firing was commenced by the strikers. Some acknowledged that the guards returned fire, but none would acknowledge that he individually had fired. The men said they were under strict orders not to fire except in self defense. One of the wounded guards stated that he positively knew there were no guards in the tower over the shaft and that none of the firing came from the stockades.

Imported Blacks Shipped.

Springfield, Ills., Oct. 15.—Imported negro miners were quietly escorted by troops to the station while the union miners were attending the funeral of the men killed at Virden. The negroes were sent to St. Louis.

Favors a Liquor License Law.

San Francisco, Oct. 15.—Thomas S. Newell, a prominent citizen of Boston, who has just returned from Alaska, where he has spent four months annually for the last 13 years, says that the district should have a representative in congress and should have the protection of adequate land laws. He also thinks that the prohibitory liquor law, originally enforced to protect the Indians, but now possible of evasion with a great population of white men and thousands of miles of unguarded sea coast, should be replaced by high license, producing revenue sufficient to pay the expenses of the territory.

Latest Sensation at Paris.

Paris, Oct. 15.—The military men alleged to have been concerned in the conspiracy against the government are Generals Boisdeffre and Pelleux. Attempts were also made to compromise General Zurlinden, the military governor of Paris. The rumor of the plot arose from a forged letter, purporting to have been sent by General Boisdeffre to General Zurlinden, containing the words: "Let us be ready for Saturday."

Peking, Oct. 15.—The new Italian minister, Signor Martino, has arrived here and demands the customary audience of the emperor. Much interest is aroused in the part the dowager empress will take in the ceremony.

DOUBLE HANGING.

Strange Request of Murderer Jacks Before Going to the Scaffold.

Chicago, Oct. 15.—George H. Jacks, formerly chief of police at Muskegon, Mich., and John Druggan, both convicted murderers, were hanged on the same scaffold in the county jail.

Some time before the hanging Jacks sent the following letter to Jailer Whitman:

"Please do not let any of the clergy in to see me. If I, an innocent man, be hanged without the right to have the highest court in the land pass upon my case, which is all prepared, at great expense to myself and labor to my friends; if I am refused this right, which every man is entitled to, there certainly can be no God above us, and in that case the clergy can do no good. So please do not allow any to see me." Jacks was convicted of the murder of Andrew J. McGhee, an aged collector and solicitor, whom Jacks, assisted by William J. Willows, now serving 14 years for complicity in the crime, decoyed into an apartment house on Indiana avenue for the purpose of robbery.

Jacks held a long criminal record. When chief of police of the Michigan city, he also held the position of deputy United States marshal, and was a member of the fire department.

While holding these official positions he committed a long series of burglaries, for which he was finally convicted and sentenced to the Michigan penitentiary for five years. Upon his release he came to Chicago and returned to his old mode of living. Jacks was on bonds for burglary when he was arrested on the charge of murder. Just before going to the scaffold Jacks, notwithstanding his remarkable letter, consented to be accompanied by a priest. On the way to the scaffold Jacks repeated aloud after the priest the prayers which the priest voiced. Jacks was very much agitated.

Druggan was convicted of the murder of Robert F. Gudgeon, a saloon-keeper, whom he attempted to rob.

GOVERNMENT BONDS.

A Large Block Stolen From a Safe at Minneapolis.

Minneapolis, Oct. 15.—It has just leaked out that a week ago burglars broke into the office of the Consolidated Milling and Hardwood company and, after breaking open a safe, escaped with \$56,000 worth of United States bonds of the recent issue.

President George Christian, a few days later, received a letter offering to return them if a reward was advertised in one of the local papers. This was done and \$25 was offered.

Another letter followed saying that this was too small, and that though the bonds were worthless to their present possessors, they were worth a good deal to Mr. Christian.

He was warned against reporting the matter to the police and directed to make a larger offer. The matter, however, has been placed in the hands of the local authorities.

A Hunchback Hanged.

San Quentin, Cal., Oct. 15.—Murderer John Miller, the hunchback, was hanged here. He was cool to the end. After the drop the blood spurted in great quantities from his neck. He was nearly decapitated. The crime for which Miller was hanged was the killing of James Childs of San Francisco in November, 1896. Being in love with a woman named Mrs. Nellie Ryan, Miller called to see her after she had dismissed him. This angered Miller and he threatened to kill her. On the day of the murder he renewed his threats and she fled down the street, followed by Miller, pistol in hand. Mrs. Ryan's calls for help attracted James Childs, who came to her rescue, but was shot dead by Miller.

Proposition Voted Down.

Pittsburg, Oct. 15.—Executive business occupied the fourth day's session of the grand encampment, Knights Templar, at Carnegie hall. The special order of business was the consideration of proposed revision of the constitution. The most important amendment proposed was the one to locate the grand encampment headquarters in Washington, D. C., thus providing for the storage of all archives of the encampment in that city. This was voted down by a large majority.

A Death-Bed Confession.

Owego, N. Y., Oct. 15.—The closing of the Toga National bank, of which Senator Thomas C. Platt is president, has caused great excitement. The confession of Assistant Cashier Stone that he was a defaulter and his sudden death have caused gossip and speculation. The amount of the shortage is about \$40,000.

Walker, Minn., Oct. 15.—There is no confidence here that the question of peace or war will be settled definitely at the conference of Indian Commissioner Jones with the hostiles. The rumor that at least three of the ring-leaders would surrender themselves at this council is, however, received with a good deal of skepticism.

GRASPING AT STRAWS.

How Spain's Commissioners View the Protocol.

SAY IT WAS HASTILY DRAWN

As a Consequence They Are Looking For an Amelioration of the Conditions Laid Down Therein—Designs on Cuba.

Washington, Oct. 15.—The peace commissioners at Paris are still dealing with propositions relating to Cuba, but have not yet taken up the subject of the future of the Philippines.

From an insistence on the strictest construction of the articles of the protocol, the Spanish commissioners have swung to the opposite extreme and are now looking for amelioration of conditions therein laid down, on the ground that the agreement was hastily drawn and under great pressure. There is an evident wish on their part to associate Cuba and the Philippines in their final disposition, which may explain the last application of the Spanish military commissioners for an extension of the time allowed for the evacuation of Cuba.

This application will be duly considered, but nevertheless our government will insist that the administration of Cuba be relinquished by the Spanish officials on Dec. 1, even if the Spanish troops have not all been embarked for return to Spain.

Blanco to Hold On.

Madrid, Oct. 15.—A rigorous censorship has been revived here. Senor Sagasta and his colleagues are said to be greatly concerned regarding the demands of the United States government, which they assert, not only refuses to assume any of Spain's colonial debts but wants to take the heavy artillery in Cuba and the floating dock recently sent to Havana. It is said the government has cabled Captain General Blanco not to turn over any further territory to the Americans until the peace treaty has been definitely signed.

Cuba and Her Debt.

Paris, Oct. 15.—The session of the peace commissions was two hours longer Friday than any previous day. The American reply to the Spanish presentation of Tuesday was submitted and read, and an oral discussion followed. It is believed that the Spaniards submitted as their construction of the protocol that it was just to consider Spain as having equities fairly dischargeable by the American assumption of Cuban obligations.

Spain Displeased With Blanco.

Madrid, Oct. 15.—It is believed in official circles that Captain General Blanco will return to Spain at an early date. It is known that his relations with the government are strained.

NOT PROPERLY FED.

A New York Regiment at Camp Meade Rises Up in Revolt.

Camp Meade, Middletown, Pa., Oct. 15.—The men in the Two Hundred and First New York regiment are in a state of semi-mutiny and threaten trouble if they are not given better treatment. The men complain that they are not properly fed and that they were given nothing for dinner but meat and coffee. The men had no bread for 24 hours because there is nobody in the regiment who knows how to use the field ovens and the chief commissary officers insist that each regiment must bake the bread for its own men.

The New Yorkers have not been paid since they reached here, the officers being afraid they will take "French leave" and go home to visit their friends.

Death Roll May Be Swelled.

Charleston, S. C., Oct. 15.—The great amount of sickness among the enlisted men stationed at Sullivan's islands, is causing the commandant, Colonel Rawles, much concern. During the summer many of the men were ill and typhoid and malarial fever have almost assumed the proportions of an epidemic. At present 400 men are confined to quarters. Considering the great number of fever cases that have been treated in the garrison hospital, however, the mortality has been light. Still, at present, there are numerous cases being treated in the hospital and the death roll may be considerably swelled.

Ohio Man in Command.

Knoxville, Tenn., Oct. 15.—Colonel J. A. Kuert of the Second Ohio assumed command of the Third brigade, Second division, vice General T. L. Rosser, on leave waiting muster out. Much of the winter equipment of overcoats, etc., has been received. It is now thought that the division will not be moved from here before Nov. 20.

For Benefit of Cubans.

Washington, Oct. 15.—Assistant Secretary Howell of the treasury department

has consented to the admission free of duty into Santiago of 100,000 pounds of Cuban tobacco. This is a lot of "booty" tobacco, and the proceeds of the sale will be expended for the benefit of the Cuban army.

Rebels Against Aguinaldo.

Manuilla, Oct. 15.—A rumor says that Macabulos, chief of the five northern provinces of the Philippine islands, has rebelled against Aguinaldo and that hard fighting has already taken place between the opposing factions.

Shafter's Vigorous Views.

Chicago, Oct. 15.—General William R. Shafter, in an interview here regarding the Santiago campaign, says as to the suggestion that the landing should have been at Aguadores: "Any commanding general who would have landed his troops at Aguadores in preference to Balquiri ought to be court-martialed and shot for incompetency. It was not a good beach on which to land. The ground was densely covered with a vine or plant much more deadly than the poisonous ivy."

Sampson Is Not Ill.

Washington, Oct. 15.—In consequence of the recent newspaper statement to the effect that Admiral Sampson was in a bad state of health in Havana and would have to be relieved from further service on the Cuban evacuation commission, Secretary Long sent him a telegram asking as to the truth of the matter. He has received a telegram in reply from Admiral Sampson saying, briefly, that there is no truth in the reports, and that he is well.

Seaman Testifies.

Washington, Oct. 15.—Dr. Louis L. Seaman, major and surgeon of the First volunteer engineers, was the forenoon witness before the war investigating commission. He saw service in Porto Rico and had been quoted as making serious charges against the manner of conducting the war. He asked that he be permitted to have present in the room as a friend Mr. E. F. Ayreault, attorney of New York.

Kautz at 'Frisco.

San Francisco, Oct. 15.—Commodore Kautz of the United States navy, until recently in command of the naval training station at Newport, who was appointed by Secretary Long to command the Pacific station in place of Admiral Miller, retired, has arrived here and will assume the duties of his new command.

Two Deaths.

Lexington, Ky., Oct. 15.—Oscar Winn, company L, One Hundred and Sixtieth Indiana, whose home is at Anderson, Ind., and Robert B. Tate, company D, First territorial, home Tucson, Ariz., died in the division hospital, the first of typhoid fever and the second of pneumonia.

Some Denials.

Havana, Oct. 15.—Cosme de la Torriente, aide-de-camp and secretary of General Calixto Garcia, is quoted in an interview as saying that the general has not accepted any post from General Lawton or the other American officials; that it is not true he is making a tour of the eastern part of Cuba advising the disbanding of the Cuban army, and that there is no truth in the statement that Garcia is going to the United States for the purpose of endeavoring to raise a loan, which he has no authority to do.

Urged to Strike.

Paris, Oct. 15.—The Railroad Workers' union has posted placards, ordering a strike and urging the strikers to refrain from violence, and informing the public that if danger threatens the country the strikers will immediately return to their posts.

American Imports Increasing.

Washington, Oct. 15.—American imports into China continue to increase, while those of other countries decrease. This is shown by the statement of the Chinese trade reports for 1897, received by the treasury bureau of statistics.

Cleveland's Big Blaze.

Cleveland, Oct. 15.—Fire broke out in the Doan apartment house. After an hour's hard work by the firemen the flames were extinguished. The principal loss will be from smoke and water. No one was injured.

A Serious Situation.

London, Oct. 15.—The situation in Paris is regarded in well informed quarters here as being more serious than at any time since the commune.

Washington, Oct. 15.—The secretary of state issued a warrant for the surrender to the German authorities of Earl Ludwig Meyer, alias Lewis Meyer. He was charged with forgery committed in Germany, and held for extradition by a magistrate in Detroit.

Stars at Zanesville.

Zanesville, O., Oct. 15.—The Ohio grand chapter, Order of the Eastern Star, is holding its annual meeting here. Mrs. Mary C. Gladding, grand matron, who recently attended the national meeting at Washington, made a pleasing address.

PLOT OF RABID REGS

Frustrated in the Nick of Time by Vigilant Police.

NINE ANARCHISTS IN LIMBO

They Had Designs on the Life of Emperor William, Who Is Now on His Way to the Holy Land—A Box of Bombs Seized.

Alexandria, Egypt, Oct. 15.—The Alexandria police have arrested nine Italian anarchists and have thereby frustrated a plot against Emperor William, now on his way to the Holy land, to be present at the consecration of the church of the Savior at Jerusalem.

The first to be arrested is a cafe keeper, a well known anarchist, in whose house the police discovered two wire wound bombs of great strength, full of bullets.

This arrest was made in consequence of a notification from the Italian consul general at Cairo that two anarchists had left Cairo for Port Said.

The police investigation showed that the arrested cafe keeper had bribed the steward of a steamer sailing from Alexandria to Port Said and Syria to take on board a box of bombs. Apparently the anarchists originally intended to use the bombs at the palace of Abdin, at Cairo, while Emperor William and the Khedive were there.

When the kaiser decided not to visit Egypt the anarchists changed their plans and decided to attack him in Palestine.

NO AGREEMENT.

Window Glass Concerns Will Likely Bank Their Fires.

Pittsburg, Oct. 15.—The failure of the glass cutters' scale committee and the committee of the American Window Glass Manufacturers' association to reach the agreement on the wage question for the ensuing year will prevent a general resumption of the factories in the country.

It is probable, however, that the independent factories will begin operations.

The factories under control of the American Window Glass company lighted fires three weeks ago, under the impression that a settlement would be reached.

Failure to agree will force them to bank their furnaces. The disagreement will effect about 15,000 glass workers, who have been idle since June 30, the date of the summer shut-down.

Good Word For Apaches.

Washington, Oct. 15.—Captain J. A. Gaston, Eighth cavalry, who has been stationed at Fort Sill, Oklahoma, passed through Washington on his way to Huntsville, where his regiment has been ordered. The principal duty of Captain Gaston's command has been guarding the captured Apaches, which have been in the vicinity of Fort Sill for 80 years. Captain Gaston speaks in high terms of the Apaches, and says they are nearer civilization now than many of the tribes which have been cared for by the government, but not by the army. The reason for retaining the post at Fort Sill is to guard these Indians.

Praise For Kempner.

Washington, Oct. 15.—A remarkable tribute is paid to Louis Kempner, the United States postal agent in Cuba. Kempner went to Cuba on the first expedition with Eben Brewer, who subsequently died, and he has since been in charge of the postal operations at Santiago. The testimonial is signed by the leading army officers in Cuba at the time and gives him credit for a thorough organization of the complete postal service in Santiago.

Gives Only an Impression.

Paris, Oct. 15.—Senor Abaruzza, a member of the Spanish peace commission, was asked whether the United States had demanded the whole of the Philippine group: "She has not so far," replied Senor Abaruzza, "and will, I think, be content with the Ladrones or part of them, perhaps with Guam, which she has already taken. However, as to that I give only my impression."

Going to Yellow Fever District.

Washington, Oct. 15.—Surgeon General Wyman of the marine hospital service left for a trip of a week or 10 days' inspection of the work in the south in fighting yellow fever. He will go direct to Cincinnati and then to Chattanooga, Atlanta, Mobile, New Orleans and other points. He will confer with the state and local health authorities.

DEMOCRATIC TICKET

FOR CONGRESS.
MORDE AI WILLIAMS,
of Boyd County.

For Kentucky, fair; warmer; winds shifting to south.

The election of Mr. J. Foster Barbour as Vice President of the Kentucky Bankers' Association, at its session in Louisville this week, was a merited compliment to one of the ablest and soundest financiers in the State.

Prominent colored leaders petitioned the Republican convention in the Seventh district to nominate one of their race, Editor R. C. O. Benjamin, of Lexington, for Congress, but the whites turned a deaf ear to their pleadings, which is just about what they expected.

In addition to his big salary as Secretary of War, Alger draws a pension of \$75 a month. He is reputed to be very wealthy. Some of the soldiers of the civil war who lost their health and strength in active service on the fields of history have to be satisfied with a pension of \$6, \$8, \$10 or \$12 a month.

The New York Independent is one of the papers that has been slow to see anything wrong on the part of the administration and slow to indulge in any adverse criticism on account of the conduct of the war. Consequently the following statement from it cannot be charged by the most partisan Republican to have been made for political effect:

The American people are convinced by evidence that is horribly cumulative that our soldiers, during our war with Spain, have been the victims of murderous incompetency on the part of the War Department.

MAJOR SEAMAN, surgeon of the First U. S. Volunteer Infantry, who asserted in an interview that 90 per cent. of the soldiers who died down in Cuba and Porto Rico were murdered—killed by incompetency—has been summoned to Washington City to answer for making such charges against the War Department. He will no doubt make some very interesting disclosures, judging by the following taken from the interview referred to:

"What did they put on my ship to feed the men with? I'll tell you. When we left Ponce we had 100 typhoid cases, and they gave us canned tomatoes, canned corn, beef and beans, pork and a little coffee. Had I given these men a spoonful of such diet as was furnished I would have come in here with 100 per cent. of deaths."

"Where did I get the supplies? Everything these sick men ate on the trip came from the National Relief Association and the Red Cross. The Government furnished nothing. Now, that is a nice reflection on the United States Government, isn't it? This is Algerism."

And if that is Algerism, the country wants no more of it and will not have it.

Billy McCreary Hart.
(Enquirer.)

Billy McCreary, the well known sporting man, met with a painful accident Thursday. Shortly before 6 o'clock he was standing in the entrance of Tom Logan's tailor shop, on Walnut street, talking to Billy Shannon. McCreary had his hand against the door, talking, when an errand boy opened and shut the door. In some manner McCreary's fingers were caught in the jamb and two of them were mashed to a jolly. He was taken to his room in the Gibson House, where Dr. Mitchell attended him. The injury is painful and may result in the crippling of the fingers.

The Congressional Campaign.

VANCEBURG, Ky., Oct. 14.—The Congressional fight in this district is assuming an interesting aspect. Congressmen Pugh, the Republican candidate for reelection, and Mordecai Williams, his Democratic opponent, are both hustling.

The latter's wife, it is said, is conducting a personal canvass in this county in her husband's interest, and, it is said, she will win lots of votes for him.

MR. AND MRS. JOHN D. COBB, of Huston avenue, are rejoicing over the arrival of a pretty eleven-pound daughter at their home Thursday. Mother and babe are getting along nicely.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at J. Jas. Wood's drug store. Regular size 50c. and \$1. Guaranteed or price refunded.

AN OLD SOLDIER.

Dr. H. G. Campbell, Pays His Respects to Hon. S. J. Pugh.

A Wide Open Letter in Which the Republican Nominee is Roasted.

(Public Ledger.)

MUSE'S MILL, Ky., July 14th, 1898.
To Hon. S. J. Pugh, Vanceburg, Ky.—
My Dear Sir: In order that I may fulfill my promise to yourself, I now address an open letter to you in regard to your hypocrisy regarding friendship to old soldiers, more especially the boys of the Sixteenth Kentucky Infantry.

You will remember that you were constrained to believe that this Congressional district belonged to me and Morg after your re-election in 1896. Having been one of the first Electors in Kentucky to put your name forward for nomination in '94, and also for renomination in '96, I felt that it was obligatory and a duty that I owed to you and our party to advise you regarding the status of the postoffice at Muse's Mill, Ky. That W. A. Hinton, a worthy young Republican, was incumbent postmaster, and his commission of four years would hold to July 1st, 1900, being after your term as Congressman will expire, and informed you that in case a vacancy occurred I would be an applicant for the appointment and asked, requested and urged you to not order anything done regarding this office, as it would militate against party harmony in this county, and that I was an old soldier, broken in health and not able to perform any labor for the support of a large family, and was eminently qualified and equipped with the most comfortable and convenient location in the village for site for a postoffice when it should be necessary to make a change in postmasters.

As also other good and sufficient reasons to have you keep your hands off what did not concern you or your duty to your country or yourself. But not caring for your party or candidate friends, you promulgated your order, (but sensible men in Carter County sat down on you), and you caused defeat of Fleming County Republican ticket. You advertise and reiterate that you are a warm friend of all old soldiers. How did you treat Comrade Lawless, an old veteran of the Sixteenth Kentucky Infantry, who had the postoffice at Petersville, Ky.? You stooped to deprive him of the office to give it to a woman whose husband was rich. You, to further show your disregard for your word and for old veterans, recommended a young blacksmith and wagon-maker at Muse's Mill as against Dr. H. G. Campbell, who only asked you to not do anything against him. He knew full well that you were a Republican for revenue and would not ask any assistance from you. He also knew that you were one of the Pension Committee in Congress and designed claiming the credit of all the loyal members of the committee's labors.

He also knew that the Government furnished all blanks, paid all postage and hired and paid your clerk or secretary to attend to all your pension business which you knew nothing about, but wanted to appropriate the honor for working for the old soldiers. (David Gorman, of Lewis County, says he had employed you to attend to his pension claim while you are in Washington, D. C.). It is true that many old soldiers have been induced to believe your pretensions of friendship are really honest. But when you want to jump upon two soldiers so close as seven miles radius and try to throw mud and thorns in their pathway during the twilight hours of the evening of life you are a magnificent Hypocrite, with a big H.

Now, little Sammie, in the future walks of life remember that an honorable enemy is a far better man, Christian or politician, than a false friend. I am an old man now and when you were imbibing and practicing Democracy I was serving my country and her flag and fighting the battles of the Republican party when I tried men's souls to be Republicans. I have given time and means and labored night and day for my party. I never asked any reward. But I did ask you to not do anything against me, and you refused to withhold your antagonism, as I have proof of your action under date of January 11, 1898, with reassurance that you would give the matter your personal, prompt attention with pleasure, &c. If you want to see a manly man of royal blood, good associations and true loyalty to country and pure disinterested love for old soldiers and their families, behold W. H. Cox, of Maysville, who has given us more true, unalloyed comfort and material aid than many, many Sam Pughs. When we were erecting a monument to Mason County volunteers we had unequivocal specific orders from Mr. W. H. Cox to make the affair an honorable success, to spare no expense and what was neces-

sary to be given to make our funds meet expenses he would pay out of his own purse, which he did, and most liberally too, with the modest request that we should not mention it. I was Chairman of three committees and know whereof I speak. He always gives the boys help when they have a reunion and never turns a soldier, his widow or orphans away empty handed. I have been situated near his door for months where I could see his works of charity, his labor of love. But I have never seen him frown upon mendicants or seem disturbed upon relieving their wants. The Republican party can never be poor in Mason County as long as she has a W. H. Cox at her back. He does not parade a lot of imaginary work he has done for his party and old soldiers. But he virtuously withholds from his left hand what his right hand does, and ranks second to none in intelligence, polish or statesmanship and a long line of ancestors whose loyalty was never questioned for a moment and whose acts are unselfish, but for the greatest good for the greatest number of people. I knew them well and have mingled with them in their joys and sorrows. Believing that I have candidly and faithfully given you good and sufficient reasons why you are the only man of any color or nationality whom the Republicans could nominate that I will not or cannot vote for under any circumstance or condition for Representative in Congress, I am respectfully your obedient servant.

Some Indications That the Marketable Supply of Hogs is Closely Disposed Of.

[Cincinnati Price Current, August 13.]
The tendency to enlargement in the marketing of hogs has been somewhat checked the past week. Western killings have been 335,000 head, compared with 390,000 head the preceding week and 350,000 head two weeks ago. For corresponding time last year the number was 300,000 head. From March 1 the total is 12,635,000 head, against 10,815,000 head a year ago, an increase of 1,820,000. The quality has been generally fair, and to considerable extent good for the time of year. Prices have averaged lower than the preceding week, closing somewhat above the average, but 5c. and 10c. per 100 pounds lower than a week ago.

There are some indications that the marketable supply of hogs now available is pretty closely disposed of, and that while an abundance of young stock is in sight there is no probability of a surprising number to appear in market in the near future. There is some increase in reported prevalence of maladies among swine, but the extent of such conditions at this season of the year is not unusual. The exhibit of stocks of our meats at the four centers making returns indicates a decrease of 58,500,000 pounds in the stocks of meats at these large centers for the month, compared with a decrease of 46,600,000 pounds last year, when the manufacture of products was 16 per cent. smaller than the past month.

There has been considerable firmness in the provision market the past week, and closing values of leading articles of product are somewhat higher than a week ago. The current distribution has been quite liberal, but speculative sentiment has not enlarged to a notable extent. The week's export clearances were largely of lard and fairly liberal of meats.

It is reported at Frankfort that the resignation of Hon. Wilbur R. Smith, of Lexington, as Adjutant General of the State, will, within the next day or two, be handed to the Governor. Gen. Smith was appointed to the place only a few weeks ago upon the resignation of Gen. Dan Collier, who gave up the office on account of private business relations. The reason to be assigned for the resignation of Gen. Smith is that he has discovered that the duties of the office required too much of his time from his business at Lexington.

River News.
The Gate City is laid up at Point Pleasant.

Captain John M. Phillips, Inspector of Hulls at Pittsburg, has resigned his position to take command of the new steamer City of Pittsburg, being built at Marietta. His resignation has been accepted, but does not become effective until his successor is appointed. Captain Phillips was commander of the Iron Queen when she burned at Antiquity four years ago. Until appointed Hull Inspector of Pittsburg he was a stockholder in the Pittsburg and Cincinnati Packet Line, but when he accepted the position he was under the law compelled to relinquish his steamboat stock. The City of Pittsburg will be the finest boat afloat on the Ohio river, it is claimed, and will ply between Pittsburg and Louisville, making a round trip each week.

A SOLDIER'S SAD DEATH.

Was Engaged to Marry a Maysville Young Lady—The Wedding Would Have Occurred Next Week.

(Ripley Bee.)

Bert Behymer, a member of Company H, Third Regiment, O. V. I., answered the last roll call, last Sunday morning (October 9th), at the home of his uncle near Bethel. The cause of his death was typhoid fever.

The sad news was received here Sunday afternoon, and forty-five of his comrades from Ripley, Georgetown and Mt. Oreb attended the funeral Monday afternoon at Bethel. The drum corps was at the depot to meet them, and the attendance at the M. E. Church, where the services were held, was very large. Rev. Mr. Walker, the minister of that church, had charge of the services, and at the grave Major Campbell, of the same regiment, offered some very touching and appropriate remarks. Three volleys were fired by the boys over the grave and Regimental Bugler Lawrence Yearsley sounded taps, and all that was mortal of poor Bert was laid to rest.

Sleep, soldier, thy warfare o'er,
Sleep the sleep that knows no waking.

Bert was twenty-six years of age and was born at Bethel. His parents were both dead. He was one of the first recruits to enlist, and was with the boys at Tampa and Ferdinand.

Local interest attaches to the above from the fact that deceased was engaged to wed an estimable young lady of this city, but who has been making her home temporarily at other points. The marriage would have occurred next week had Death's cold hand not been laid upon the gallant young soldier. As the Bee states, he was one of the first to enlist, and his last words on leaving home were, "I may die on this trip, but if I do I have the satisfaction of knowing I have done my duty as a free and loyal citizen to a free and loyal country." Instead of meeting death in battle, however, he fell a victim to the disease that has claimed so many of the brave and patriotic boys who responded to their country's call.

Paine's Celery Compound

Makes People Well.

There is one true specific for diseases arising from a debilitated nervous system, and that is Paine's Celery Compound, so generally prescribed by physicians.

It is the most remarkable remedy that the scientific research of America has produced.

Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth College, first prescribed this positive cure for dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all nervous diseases and kidney troubles.

Spain's Greatest Need.

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest blood and nerve remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by J. J. Wood & Son, druggists.

GOVERNOR BRADLEY and other prominent Kentuckians have used their influence to have General Joseph Breckinridge retained in command of Camp Hamilton, at Lexington, but failed, as the Governor received a telegram from Secretary Alger stating that Breckinridge's services were badly needed in his old place of Inspector General, and he must be returned to Washington. Breckinridge's appointment was the only appointment given Kentucky in the late war, and now that this is taken away from him even Alger's friends are sore at the cold shoulder given Kentucky.

STATE OF BUSINESS.

Dun's Weekly Review Cautions It Is Not Falling Off In Any Sense. New York, Oct. 15.—R. G. Dun & Company's weekly review of trade says:

With actual payments through clearing houses 19.2 per cent larger than in the same week of 1892, it cannot be said that business is in any sense falling off.

Wheat business is more active, with prices about two cents higher for spot and nearly three cents for the December option. Very heavy purchases have been made within the past few days, not as yet reflected in the official record of shipments, but the exports from both coasts, flour included, have been 4,101,770 bushels, against 4,836,016 for the same week last year.

The price of corn has advanced about two cents, though the receipts are just now larger than a year ago. The price of spot cotton is a trifle lower than a week ago and the January option has also lost a few points while there is a weaker market for goods.

While some woolen mills have started operation during the week quite as many have stopped. Although wool is about 10 per cent lower than it was Feb. 1, the manufacturers are not buying and the market is remarkably dull with sales during the past two weeks of only 6,179,700 pounds.

The iron manufacture again reports a small increase in weekly output, and with the decrease in quantity of unsold stocks on hand outside the great steel companies, apparent consumption for the month of September was 933,804 tons, against 930,503 in August.

Work of the Episcopals.

Washington, Oct. 15.—"Church Unity" was again the absorbing topic before the house of deputies of the Episcopal convention. It is a proposition to broaden the scope of the church by permitting bishops to take under the spiritual guidance outside congregations not conforming strictly to the Episcopal liturgy. Action was deferred to Monday. Among the miscellaneous matters discussed was a set of resolutions urging congress to establish uniform laws on the subject of divorce.

A Bite Thrown to the Turk.

Constantinople, Oct. 15.—The ambassadors of the powers have transmitted to the Turkish government the decision of their governments on the subject of Crete, which sets forth that while adhering strictly to their ultimatum Turkey may possibly, later, be permitted to maintain a small force on the island, as an emblem of Turkish authority.

An Iron Failure.

Detroit, Oct. 15.—Circuit Judge Frazer appointed George A. True receiver for the Frontier Iron works. The receivership was asked for by three of the four members of the board of directors, all being heavy stockholders. In their petition they aver the works have not been remunerative the past three years through a lack of cash capital.

Lafayette Day in Chicago.

Chicago, Oct. 15.—Friday was celebrated as "Lafayette day" in Chicago. The public schools of the city all held especial exercises in commemoration of the revolutionary hero, and school children contributed handsomely to the fund for the monument which is to be erected to the great patriot's memory.

After Standard Oil Magnates.

New York, Oct. 15.—Justice Freeman of the supreme court issued, on the application of Mr. Reed of the firm of Boyers & Sands, subpoenas for W. T. Wardell and Henry M. Flagler of the Standard Oil company, to appear before the investigating committee holding sessions in this city.

Alger Will Visit the Antilles.

Washington, Oct. 15.—Secretary Alger said that he hoped to make a visit to the ports occupied by the United States in Cuba and Porto Rico some time during the winter, when the affairs of the islands become settled under the United States authority.

Two More Victims Die.

Ionia, Mich., Oct. 15.—Two more deaths resulted from the boiler explosion Thursday night in the Michigan Asylum for Criminal Insane. The dead now are Henry Hamlin and James Hand, train inmates, and Jack Corey, a brickmason.

Mrs. Sherman Is Better.

Washington, Oct. 15.—The condition of Mrs. Sherman, wife of the ex-secretary of state, is reported to be slightly improved.

A MAN may dress as well as his own good judgment and the assistance of an artistic tailor may elect. He may take his "tubs" but if his digestive organs are out of order, he will have an unwholesome appearance. His complexion and the white of his eyes will have a yellowish cast. His tongue will be coated, appetite poor, his teeth rusty, his breath abominable. He is one big, unmistakable sign of constipation. The quickest, surest, easiest way to cure this trouble is to take Dr. Pierce's Pleasant Pellets. They are made of refined, concentrated vegetable extracts. Nothing in the least harmful enters into their composition. They hunt down all impurities, and "make them move on." They are the product of many years' study and practice. Dr. Pierce cannot afford to put forth a worthless article.

Special Election!

STATE OF KENTUCKY, MASON COUNTY COURT, April Term, August 9, 1898.

Whereas, it is the sense of the Fiscal Court of Mason County that sixty thousand dollars in 4 per cent bonds should be issued by said county with which the proceeds thereof to purchase and make part of the free turnpike system of the said county the following named turnpike roads, that is so much of said roads as may be situated in Mason County, viz: Maysville and Lexington, Maysville and Mt. Sterling, Maysville and Bracken, Helena, Dover and Minerva, and Mayslick and Helena roads. No part of said bonds to be issued, unless the Maysville and Lexington, Maysville and Mt. Sterling, and Maysville and Bracken roads can be simultaneously purchased wholly from the proceeds of said bond issue, after deducting therefrom the several amounts agreed by this court to be paid for the three other above named roads, viz: The Helena, the Dover and Minerva, and the Mayslick and Helena; the whole amount to be paid for the aforesaid six roads not to exceed (\$60,000) sixty thousand dollars. Be it therefore ordered by this court that an election be called and held in Mason County on the day of the next regular election to-wit:

NOVEMBER 8, 1898,

and that a poll be opened in each of the respective voting precincts in said county for the purpose aforesaid; the proposition to be submitted to the voters in the form of the question to be printed on the ballot to be used at said election, to-wit: "Are you in favor of issuing bonds for the purchase and maintenance of the turnpike roads of this county, free of toll to the traveling public?" And the Sheriff of Mason County is ordered and directed by this court to advertise said election and the object thereof for at least thirty days next before the day thereof in some newspaper having the largest circulation in the county, and also by printed handbills posted up at not less than four public places in each voting precinct in the county and at the court house door.

STATE OF KENTUCKY, MASON COUNTY, }
I, C. L. Wood, Clerk of the Mason County Court, do certify that the foregoing is an exact copy of the order of the Mason Fiscal Court made as it appears of record in Order Book No. 2, page 74, Mason County Fiscal Court Records.

All legal voters in said county shall be privileged to vote at said election.
